Index to Volume 71, 1983

Author's names are printed in CAPITALS, subject headings in **boldface**, and titles of books and journals in *italics*.

Abstracts, *see* Indexes and abstracts

Academic health sciences libraries, *see* Libraries, medical school

Acquisitions and collection development
Medical book reviewing (Morton), 202–9
Report of the Ad Hoc Committee for the International Exchange and Redistribution of Library Material, 112–3
Report of the Exchange Committee, 109
Selected list of books and journals for the small medical library (Brandon, Hill), 147–75
Use study of *Excerpta Medica* abstract journals: to drop or not to drop? (Alligood, Russo-Martin, Peterson), 251–8

Adams, Scott
Obituary (Rogers), 245–8

Administration, Library
Administrative functions within a hospital setting (Taylor), 219–20

ALLIGOOD, ELAINE C.; RUSSO-MARTIN, ELAINE; PETERSON, RICHARD A.
Use study of *Excerpta Medica* abstract journals: to drop or not to drop? 251–8

Architecture and buildings
Linking the physical past to the program future: new library addition at the Medical College of Georgia (Basler, Mims, Smoot), 386–90

ASHIN, ELIZABETH R.
Library service to dental practitioners, 400–2

Audiovisual library service
Audiovisual production (Nameth), 219
Report of the Audiovisual Standards and Practices Committee, 114
Survey of audiovisual standards and practices in health sciences libraries (McCarthy), 391–5

Automated catalogs, *see* Catalogs, automated

Automation of library processes
see also **Standardization**
Implementation in an academic health sciences center (Johnson), 424–7
Implications for hospital libraries (Green), 416–7
Implications for university libraries (Werner), 418–20
Introduction: high technology in health sciences libraries (Broering), 306–7
A leap forward in medical librarianship: a glimpse of the biomedical information center and network, People's Republic of China (Huang), 299–303
OCTANET—an electronic library network: design and development (Johnson, Pride), 184–91

AVIEL, DEBORAH
The library and its home computer: automation as if people mattered, 328–37

BACS, *see* Integrated library systems

Basic unit libraries, *see* Regional Medical Library Program

BASLER, THOMAS G.; MIMS, DOROTHY H.; SMOOT, SAMILLE J.
Linking the physical past to the program future: new library addition at the Medical College of Georgia, 386–90

BEATTY, WILLIAM K.
Journal Notes, 47–51, 240–4, 368–372, 48–5

BELL, JO ANN
Health sciences personnel and the academic information system: user requirements, 421–3

BERLINER, MARY A., *see* FIERBERG, JOAN

Bibliographic Access and Retrieval System (BACS), *see* Integrated library systems

Bibliographic control, *see* Cataloging and classification

Bibliographic instruction, *see* User education

BISHOP, DAVID; ROBERTS, JUSTINE; ZINN, NANCY
Bibliographic control of medical illustrations—a case study in the development of a library subsystem: project planning, 263–8
Bibliographic control of medical illustrations—a case study in the development of a library subsystem: project implementation, 269–73

Book reviewing
Medical book reviewing (Morton), 202–9

Book reviews (reviewer's name in parentheses)
Author's guide to journals in library and information sciences. Norman D. Stevens and Nora B. Stevens, eds. (Bradley), 41
Books, manuscripts, and the history of medicine. Philip M. Teigen, ed. (Overmier), 230
Developing consumer health information services. Alan M. Rees, ed. (Linder), 230
Dodd, Sue A. *Cataloging machine-readable data files: an interpretative manual* (Forsman), 471
Emergency medical services systems: a guide to information sources. Carlos Fernandez-Caballero and Marianne Fernandez-Caballero, eds. (Foreman), 352
Fukushima, H.; Okazki, T.; and Noguchi, M. *Index guide to rational drug therapy* (Norman), 472
Guide to U.S. medical and science news correspondents and contacts (Bagdoyan), 42
Handbook of medical library practice. Louise Darling, ed. (Hitt), 230
Health maintenance through food and nutrition: a guide to information sources. Helen D. Ullrich, ed. (Foreman), 352
Health science books, 1876–1982 (Rueby), 231
Hospital libraries and work with the disabled in the community. Mona E. Going, ed. (McClaskey), 354
Huth, Edward J. *How to write and publish papers in the medical sciences* (Hafner), 359
The impact of computer technology on drug information. Per Manell and Sven G. Johansson, eds. (Morse), 358
King, Donald W.; McDonald, Dennis D.; and Roderer, Nancy K. *Scientific journals in the United States: their production, use, and economics* (Jones), 467
King, Lester S. *Medical thinking: a historical preface* (Noback), 351

Book reviews (Continued)
LC rule interpretations of AACR2, 1978–1982 (Hoffman), 357
Library compensation review. Ellen Altman and Allan Pratt, eds. (Golrick), 469
Londos, Eutychia G. *AV health: current publications of the United States Government* (Budrew), 468
The management of serials automation: current technology and strategies for future planning. Peter Gellatly, ed. (Gilman), 232
Matthews, Joseph R. *Public access to online catalogs: a planning guide for managers* (Fedders), 471
Medical librarianship. Michael Carmel, ed. (Rosenstein), 351
Miles, Wyndham D. *A history of the National Library of Medicine: the nation's treasury of medical knowledge* (Fisch), 470
Pure and applied science books, 1876–1982 (Rueby), 231
Scientific management of library collections. Richard M. Dougherty and Fred J. Heinritz, eds. (Lyders), 354
Snow, Bonnie. *Health sciences* (Reid), 356
Trends in information transfer. Philip J. Hills, ed. (Leatherbury), 358
The video source book (Chu), 355
World guide to scientific associations. Michael Zils and Willi Gorzny, eds. (McClure), 359

Book selection, *see* Acquisitions and collection development

Books and serials received
42–46, 233–239, 360–367, 473–80

BRS, *see* On-line bibliographic retrieval systems

BRANDON, ALFRED N.; HILL, DOROTHY R.
Selected list of books and journals for the small medical library, 147–75

BRAUDE, ROBERT M.
Academic information in the academic health sciences center: overview 405–9

BROERING, NAOMI C.
The Georgetown University Library Information System (LIS): a minicomputer-based integrated library system, 317–23
Introduction: high technology in health sciences libraries, 306–7

BUB, KATHLEEN, *see* PRIDE, RICHARD B.

Budgeting
Establishing cost senters within libraries of medical centers (Schultz), 1–5
Real inflation of journal prices: medical journals, U.S. journals, and Brandon list journals (Kronenfeld, Gable), 375–9

Buildings, *see* Architecture and buildings

BURDICK, AMRITA
Using unbound subheadings to increase recall in MEDLINE, 282–6

Cataloging and classification
Bibliographic control of medical illustrations—a case study in the development of a library subsystem: project planning (Bishop, Roberts, Zinn), 263–8
Bibliographic control of medical illustrations—a case study in the development of a library subsystem: project implementation (Bishop, Roberts, Zinn), 269–73
Journal analytics enhance the catalog (Log), 343–4

Catalogs, automated
see also **Standardization**
Bibliographic control of medical illustrations—a case study in the development of a library subsystem: project planning (Bishop, Roberts, Zinn), 262–8
Bibliographic control of medical illustrations—a case study in the development of a library subsystem: project implementation (Bishop, Roberts, Zinn), 269–73
The Georgetown University Library Information System (LIS): a minicomputer-based integrated library system (Broering), 317–23
Integrated library systems (Goldstein), 308–11
The NEOUCOM cooperative cataloging service: development and review of the first four years (Miller), 192–201
OCLC book interlibrary loan in a basic-unit hospital library: one year's experience (Landwirth), 213–6
OCTANET—an electronic library network: design and development (Johnson, Pride), 184–91
Technology at Washington University School of Medicine Library: BACS, PHILSOM, and OCTANET (Crawford, Johnson, Kelly), 324–7

Certification
Certification/recertification in the Talon region (Morton), 37–8
Report of the Ad Hoc Committee to Examine the Certification and Recertification Process, 109
Report of the Certification Eligibility Committee, 107
Report of the Certification Examination Review Committee, 107–8
Report of the Recertification Committee, 108

China, *see* People's Republic of China

Clinical medical librarians
see also **Librarianship**
A clinical information consultation service at a teaching hospital (Tobia, Kronick, Harris), 396–9

Clusters, *see* Cooperation among libraries

Collection development, *see* Acquisitions and collection development

Computers, dedicated
The library and its home computer: automation as if people mattered (Avriel), 328–37

Consortia, *see* Cooperation among libraries

Consumer health information
see also **Patient education**
Report of the Ad Hoc Committee on Consumer Health Information, 135

Continuing education
Development of a state-wide health sciences information network: a cooperative effort (Pride, Keiter, Bub), 287–98
The library and its home computer: automation as if people mattered (Avriel), 328–37
Manpower issues: implications for training and retraining of librarians (Hayes), 428–33

Report of the Continuing Education Committee, 128–9
Report of the Study Group on the MLA's Role in the Educational Process for Health Science Librarians, 117–22
COOPER, DIANE, *see* COOPER, JAMES K.
COOPER, JAMES K.; COOPER, DIANE; JOHNSON, TIMOTHY P.
Medical library support in rural areas, 13
COOPER, WILLIAM G.
Program implications for the National Library of Medicine, 434–5
Cooperation among libraries
see also **Networks**
Development of a state-wide health sciences information network: a cooperative effort (Pride, Keiter, Bub), 287–98
The NEOUCOM cooperative cataloging service: development and review of the first four years (Miller), 192–201
OCLC book interlibrary loan in a basic-unit hospital library: one year's experience (Landwirth) 213–6
Report of the Ad Hoc Committee for the International Exchange and Redistribution of Library Materials, 112–3
Report of the International Cooperation Committee, 126
Copyright
Report of the Copyright Committee, 125–6
Cost analysis
Establishing cost centers within libraries of medical centers (Schultz), 1–5
The library and its home computer: automation as if people mattered (Avriel), 328–37
The NEOUCOM cooperative cataloging service: development and review of the first four years (Miller), 192–201
Real inflation of journal prices: medical journals, U.S. journals, and Brandon list journals (Kronenfeld, Gable), 375–9
CRAWFORD, SUSAN Y.
Gloria Werner [editorial], 39
Health science libraries in the United States: overview of the post-World War II years, 16–20
Health science libraries in the United States: hospital health science libraries, 1969–1979, 30–6
The origin and development of a concept: the information society, 380–5
CRAWFORD, SUSAN Y.; JOHNSON, MILLARD F.; KELLY, ELIZABETH A.
Technology at Washington University School of Medicine Library: BACS, PHILSOM, and OCTANET, 324–7
CRAWFORD, SUSAN Y.; REES, ALAN M.
Health science libraries in the United States: medical school libraries, 1969–1979, 21–9

Dental libraries, *see* Libraries, Dental
Dentists
Library service to dental practitioners (Ashin), 400–2
DIALOG, *see* On-line bibliographic retrieval systems
DUNKEL, LISA M.
Moral and humane: patients' libraries in early nineteenth-century American mental hospitals, 274–81

Economics
Establishing cost centers within libraries of medical centers (Schultz), 1–5
Health science libraries in the United States: hospital health science libraries, 1969–1979 (Crawford), 30–6
Health science libraries in the United States: medical school libraries, 1960–1980 (Crawford, Rees), 21–9
Health science libraries in the United States: overview of the post-World War II years (Crawford), 16–20
Origin and development of a concept: the information society (Crawford), 380–5
Real inflation of journal prices: medical journals, U.S. journals, and Brandon list journals (Kronenfeld, Gable), 375–9
Report of the status and economic interests of health sciences library personnel committee (Bradley), 109
Report on the coalition for health funding (Broering), 113
Editorials
Gloria Werner (Crawford), 39
Libraries under attack (Lorenzi), 346–8
Education for librarianship, *see* Continuing education; Librarianship
Electronic library, *see* Automation of library processes
Electronic mail
see also **Interlibrary loan**
Electronic mail service: applications in the Pacific Northwest (Schardt), 438–9
Electronic society, *see* Information society

Fee for service, *see* Budgeting
FEINGLOS, SUSAN J.
MEDLINE at BRS, DIALOG and NLM: is there a choice? 6
FENG, CYRIL C. H.; FREIBURGER, GARY; KNUDSEN, PATRICIA C.
Implementation of the integrated library system: University of Maryland health sciences library, 312–7
FIERBERG, JOAN; BERLINER, MARY ANN; GOODCHILD, ELEANOR; GIL-GOMEZ, MARILOUISE
The hospital library as a focus of patient education activities and resources, 224–6
FREIBURGER, GARY, *see* FENG, CYRIL C. H.
FUNK, MARK E.; REID, CAROLYN ANNE
Indexing consistency in MEDLINE, 176–83
